Seizure disorder:

Heart Condition: _____

Diabetes: _____

Hemophilia/blood disorder:

Loss of organ:

Hospitalization in last 6 months:

Spinal, head injury or concussion:

Other Injury/Illness requiring ongoing care:

PARENT/GUARDIAN AUTHORIZATION and NOTIFICATION:

Meningococcal Meningitis is a bacterial illness affecting the brain. It can be spread by a cough, sneeze, kiss, sharing drinks, or by any other direct contact or airborne means of transportation. Therefore, students/campers residing in small areas, such as dormitories, are at an increased risk for contracting the illness.

The signs and symptoms of Meningococcal Meningitis are similar to the common flu often making it hard to detect. The signs and symptoms include the following: high fever, nausea, vomiting, fatigue, headache, stiff neck/back, skin rashes, and confusion. Frequently, not all signs and symptoms occur, and the illness may progress rapidly. Treatment of Meningococcal Meningitis is antibiotic therapy.

A vaccination is available, and is an effective way to help prevent Meningococcal Meningitis, although any vaccine is not an absolute guarantee. There are rarely side effects associated with this vaccination. **Syracuse University summer camps will not provide the Meningitis vaccine.** Contact your family care provider for information regarding availability and associated costs of the vaccination.

I, the parent of legal guardian have received, reviewed, and understand the above information regarding Meningococcal Meningitis and my son/daughter has either received the immunization within the past 10 years preceding or has elected not to obtain the immunization against Meningococcal Meningitis.

To the best of my knowledge this health history information is correct and the person herein described has my permission to engage in all camp activities, with the exception of any physical limitations as described. In the event that I cannot be reached in an emergency, I hereby give permission to the medical personnel to hospitalize, secure proper treatment for, and to order injection, anesthesia, or surgery for my child as named above. I agree to indemnify Syracuse University and its employees for any claim which may hereafter be presented by our (my) son/daughter as a result of any such injuries.

Signature: _____ Date: _____

Witness: _____ Date: _____

***Please use the cups provided at each drinking station when utilizing the Gatorade/water. No use of personal cups or containers!**
