Q4: Will homeschool students be eligible to meet the [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#)?

A4: Yes.

Timing

Q5: Will students who have already received an academic evaluation be re-evaluated to determine if they meet [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#)?

A5: Yes. Once programming is complete, the Eligibility Center will apply the [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#) to all students who initially enroll full time in 2020-21 or 2021-22 and have already received an academic evaluation. We are targeting August 19, 2020, to begin applying the COVID-19 Automatic Waiver criteria for 2021-22 enrollment to these students' accounts.

Q6: When will the Eligibility Center begin applying [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#) to students who initially enroll full time in 2021-22 and have not previously received an academic evaluation?

A6: The [COVID-19 Automatic Waiver for 2021-22 enrollment](#) may be provided at any time the student-athlete's Eligibility Center account is evaluated, either via a preliminary or final certification. We are targeting September 1, 2020, to begin applying the COVID-19 Automatic Waiver criteria for 2021-22 enrollment in the academic certification process for students who initially enroll full time in 2021-22.

Submission of Academic Documents

- Q7:** Will there be any flexibility in requiring official academic documents?
- A7:** Official academic records are necessary to ensure accurate initial-eligibility certifications and should be submitted via an [approved channel](#) whenever possible. Given the unique circumstances, if only unofficial records are available for students who initially enroll full time in 2021-22, please submit them to ec-processing@ncaa.org directly from the email address associated with the student's Eligibility Center account for use in the academic evaluation.

Academic Evaluations

- Q8:** How will the Eligibility Center approach schools with NCAA-approved core courses that offer distance, e-learning or hybrid options for students in 2020-21 due to COVID-19?
- A8:** Consistent with the approach to reviews in Spring/Summer 2020, the Eligibility Center will not require a separate review of distance, e-learning or hybrid programs offered by schools with NCAA-approved core courses during 2020-21 in response to COVID-19. Students may complete their NCAA-approved core courses through the channels of instruction provided or recommended by their school, district or state department of education. For parents administering home school curriculum, please review the information included in the Eligibility Center home school [resources](#).

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who complete distance, e-learning or hybrid courses in 2020-21 at schools with NCAA-approved core courses.

- Q9:** How will the Eligibility Center approach high schools that issue Pass/Fail grades in 2020-21?
- A9:** For NCAA-approved core courses completed in 2020-21 that have been issued a grade of Pass, the Eligibility Center will apply the credit earned in these courses toward the core-course requirement in the student's certification. If the student's core-course GPA would increase by assigning a value of 2.300, this value will be assigned to the Passed courses. However, if the student's core-course GPA would decrease by including the 2.300 value for Passed courses, the student's core-course GPA will be calculated based only on courses with assigned letter grades from previous terms (credit from these courses will still be applied toward the student's core-course requirements).

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who successfully complete NCAA-approved pass/fail core courses in 2020-21.

- Q10:** Will there be any flexibility in the Division I core-course time limitation for students who initially enroll full time in 2021-22?
- A10:** Yes. For students who initially enroll full time in 2021-22, up to six core-course units completed after starting the seventh semester (and before full-time enrollment) will be used in the student's initial-eligibility certification, regardless of whether the student graduated on time or when the courses are completed (i.e., during the academic year or Summer term).

Note: For Division I, all core courses completed before full-time enrollment may be used in the academic-redshirt certification.

Q11: How will the Eligibility Center approach canceled international leaving examinations?

A11: The Eligibility Center encourages submission of official year-by-year transcripts for evaluation of international students. For countries and/or examination boards issuing certificates/diplomas without final exams (based on other assessment methodologies), the Eligibility Center will accept the credential as acceptable proof of high school graduation, provided it is listed as an acceptable proof of graduation in the [NCAA International Guide](#). As a reminder, the [Graduation Timeline Confirmation Form](#) may also be submitted, as appropriate, to extend the graduation timeline.

Q12: Will there be any impact to the PSA-Review process?

A12: Yes. Given the unique circumstances, program tasks will not be sent for courses completed in Spring/Summer 2020 or 2020-21. Further, test-score inquiries will not be submitted for students who initially enroll full time in 2020-21 or 2021-22.

Q13: Will the Eligibility Center re-evaluate accounts that meet the COVID-19 alternative [Qualifier](#) or [Early Academic Qualifier](#) standard?

A13: No, unless there is an issue regarding the validity of the academic credentials that were used to meet the COVID-19 alternative [Qualifier](#) or [Early Academic Qualifier](#).

Q14: Will [COVID-19 Automatic Waiver criteria for 2020-21 enrollment](#) apply to expected 2020 graduates or prior (as determined by the start of year nine) who delay initial full-time enrollment until 2021-22?

A14: Yes.

Q15: What if students do not meet the [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#)?

A15: Member institutions may submit an initial-eligibility waiver for students who do not meet COVID-19 Automatic Waiver criteria for 2021-22 enrollment.

Subsequent Classes

Q16: Will other classes (e.g., sophomores, juniors) receive any flexibility in the NCAA initial-eligibility standard as a result of COVID-19?

A16: The approach to Pass/Fail grades and distance/e-learning/hybrid courses will apply to all students, including subsequent classes, who complete NCAA-approved core courses in Spring/Summer 2020 or during the 2020-21 academic year.

Prior Classes

Q17: Will the [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#) be retroactively applied to students who initially enroll full time in 2020-21?

A17: Yes. Since these criteria may benefit students who initially enroll full time in 2020-21, they will be retroactively applied. We are targeting August 19, 2020, to begin applying the [COVID-19 Automatic Waiver criteria for 2021-22 enrollment](#) to students who initially enroll full time in 2020-21.

Q18: What COVID-19 alternative standards apply to students who initially enroll full time in 2020-21 (including mid-year enrollees)?

A18: Students who initially enroll full time in 2020-21 (including mid-year enrollees) will receive an automatic initial-eligibility waiver that provides the highest level of relief for which they are eligible, per the criteria below:

COVID-19 Automatic Waiver Criteria—2020-21 Enrollment*

**Standardized test scores are excluded from these criteria.*

***Students certified based solely on international credentials are exempt from the 10/7 core-course progression requirement but must still complete 10 core-course units for the Pre-7th Semester alternative Qualifier standard.*

Q19: Will students who present solely three years of international academic credentials before starting the seventh semester be held to the 10/7 requirement (Division I) for the 2020-21 [alternative Qualifier standard](#) based on the pre-7th semester record?

A19: No, but such students must still complete 10 core-course units before starting the 7th semester.
