

The University of Maine

Summer Sports Camps

Motor Vehicle Parking Policy for Campers

Campers who have a valid driver's license will be allowed to park their vehicles on university property for the duration of their sports camp program. The following rules have been implemented to ensure the safety of all campers:

Request a parking permit at registration/check-in and display it in your vehicle when parking on University grounds. You will be directed as to which lot to park your vehicle.

Keys will be retained by the Summer Sports Camps staff for the duration of the camp session. Overnight campers will not be allowed to leave campus once they have signed in.

A signed Permission form must be submitted prior to camp.

Any camper who does not follow Summer Sports Camp's policies will be asked to leave and no refund will be issued.

Permission form

I have given my permission for my son/daughter, _____, to transport themselves to and from the University of Maine Summer Sports Camp. I understand their vehicle will be parked for the duration of the program and that the keys will be retained by the Summer Sports Camp staff.
